

# 2019 ANNUAL REPORT

## DREAM TOGETHER

2019 was the first official year of operation for Aspire 3D. We used this year to learn about the dreams of people living in Loveland Housing Authority communities. We then partnered with these neighbors to build new programs and create new opportunities.

We believe that our community is a great place to raise a family, pursue lifelong dreams, and age well. With your support, we are providing critical services to veterans, older adults and families living with low-incomes. We know that when we work together we can strengthen our community.

**Thank you for being part of our work at this key moment in time.**

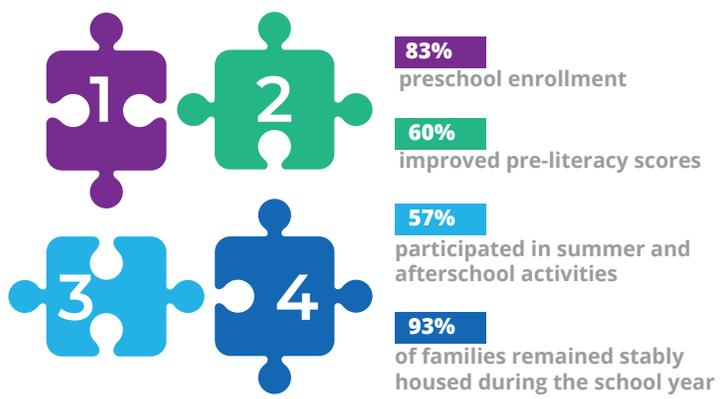

### WHAT WE DID

- Leadership Councils
- On-Site Education Programs
- Food Distribution
- Technology Access and Support
- Community Navigation Services
- Health and Wellness workshops
- Transportation
- Community Outings
- Book Rich Environments

Dear Friends and Community Members,

It is so exciting to be able to share the results of Aspire 3D's first full year in operation! I am very proud of what this young organization has accomplished so far and am looking forward to all of the amazing work that is planned for the years ahead.

We picked the theme of DREAM for our first year because we really wanted to spend time learning about the dreams of people living in affordable apartment communities. What we learned from the Leadership Councils, surveys, and conversations we had is that every community is unique and has a deep well of strengths and talents that neighbors are eager to share with each other. Aspire 3D Navigators have been able to tap into these dreams and start co-creating some truly impactful programs with residents. From resident-led safety workshops to pop up health clinics, from out of school programs to on-site acupuncture, dreams of safer, healthier, better connected communities became a reality in 2019.

Aspire 3D is building a strong foundation with diversified funding from local, state, and private sources; impactful partnerships with local agencies and businesses, and exceptional staff, volunteers, board members and donors on our team. Aspire 3D will continue to inspire residents of the Loveland Housing Authority to DREAM, DARE and DO activities that elevate their quality of life for many years to come!

Keep dreaming,

Stephanie Slayton  
Executive Director
